Lewis-Clark Normal

Lewiston, Idaho

1967

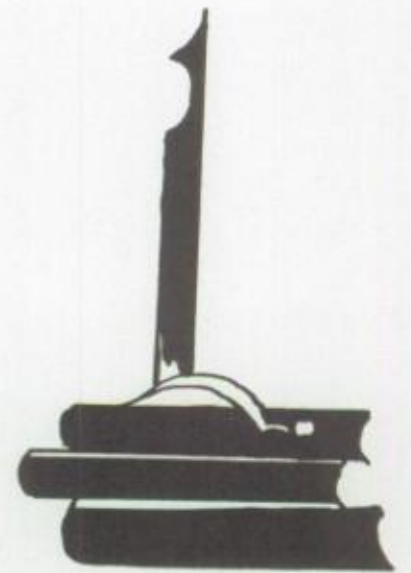

A college should be  
a place of light and learning . . .

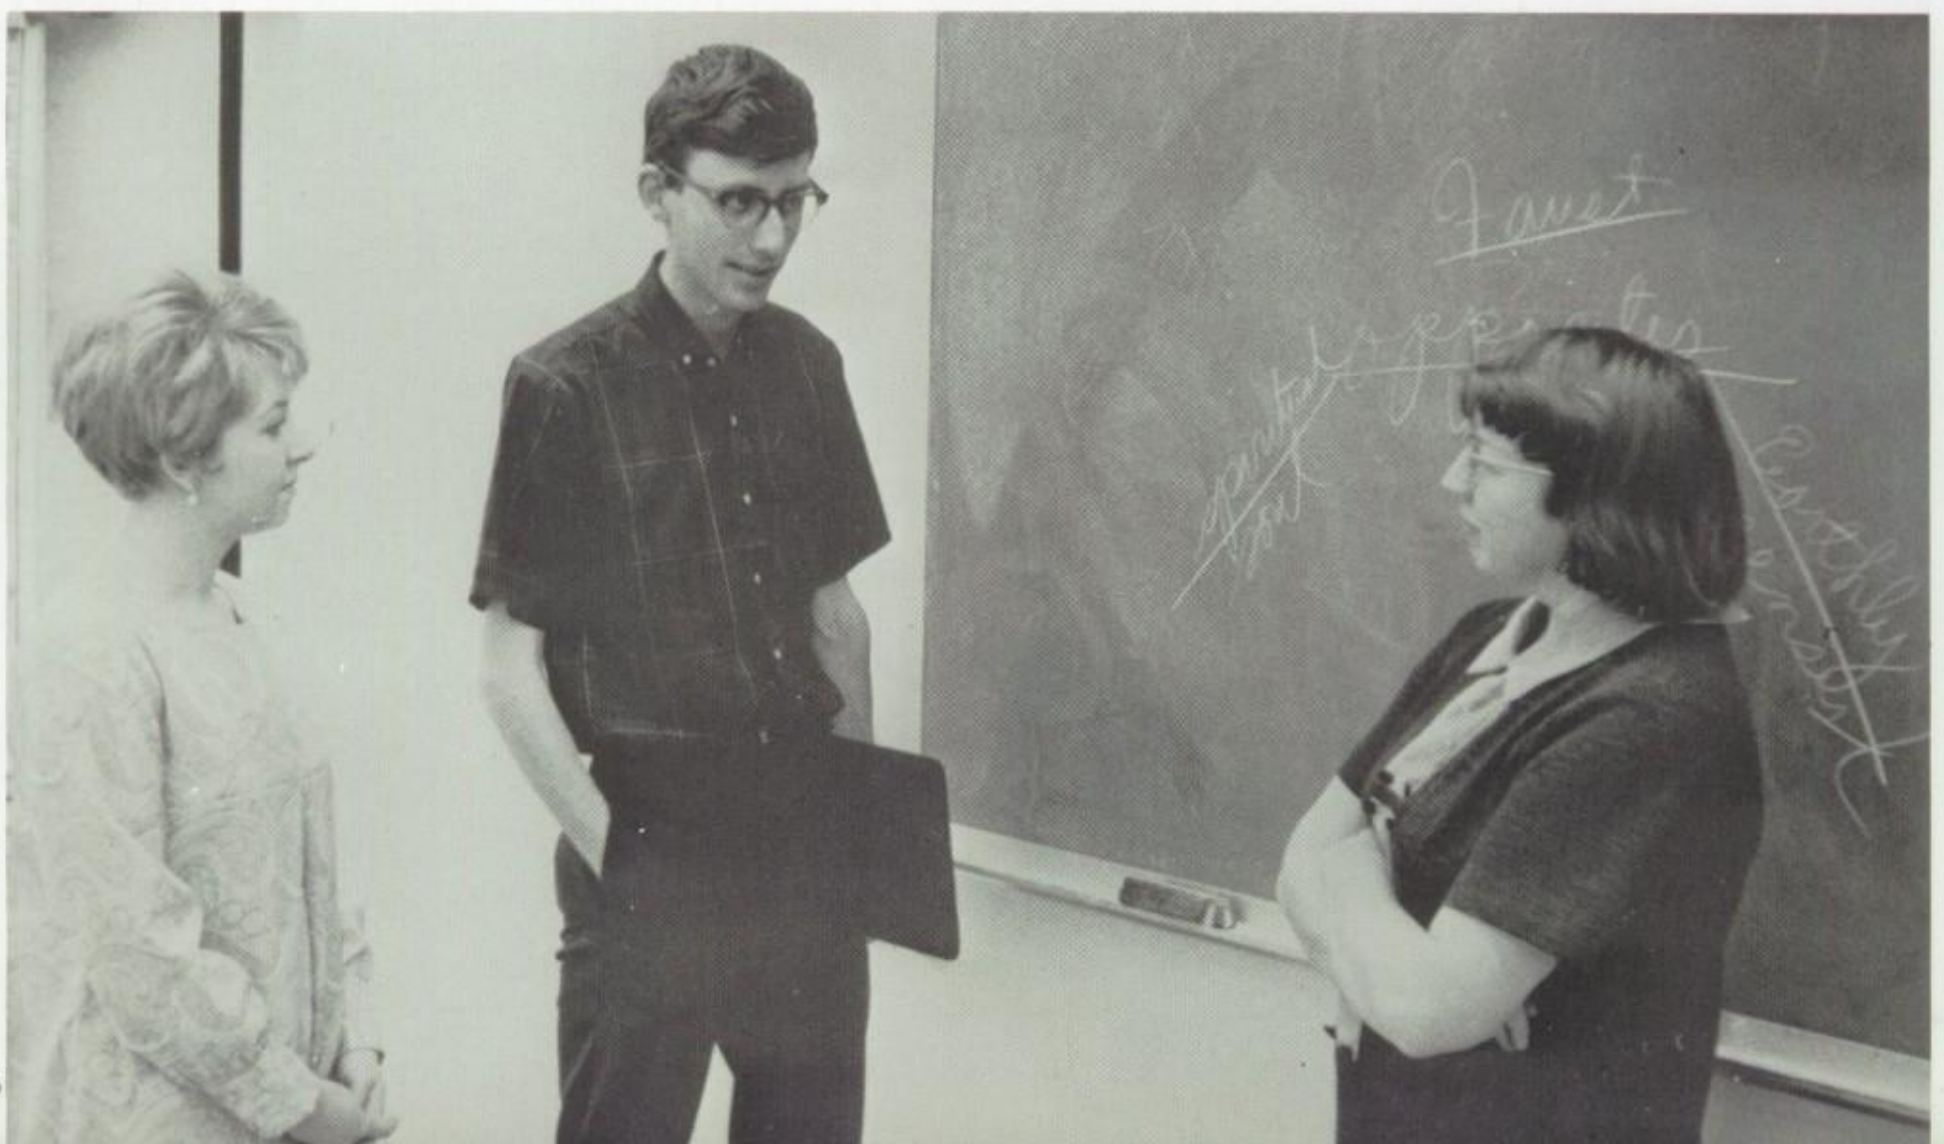

. . . a factory of new knowledge  
built upon the past . . .

President Sims

The Board of Education

. . . where every  
scholar is surrounded  
by men wiser  
than he.

Governor Samuelson

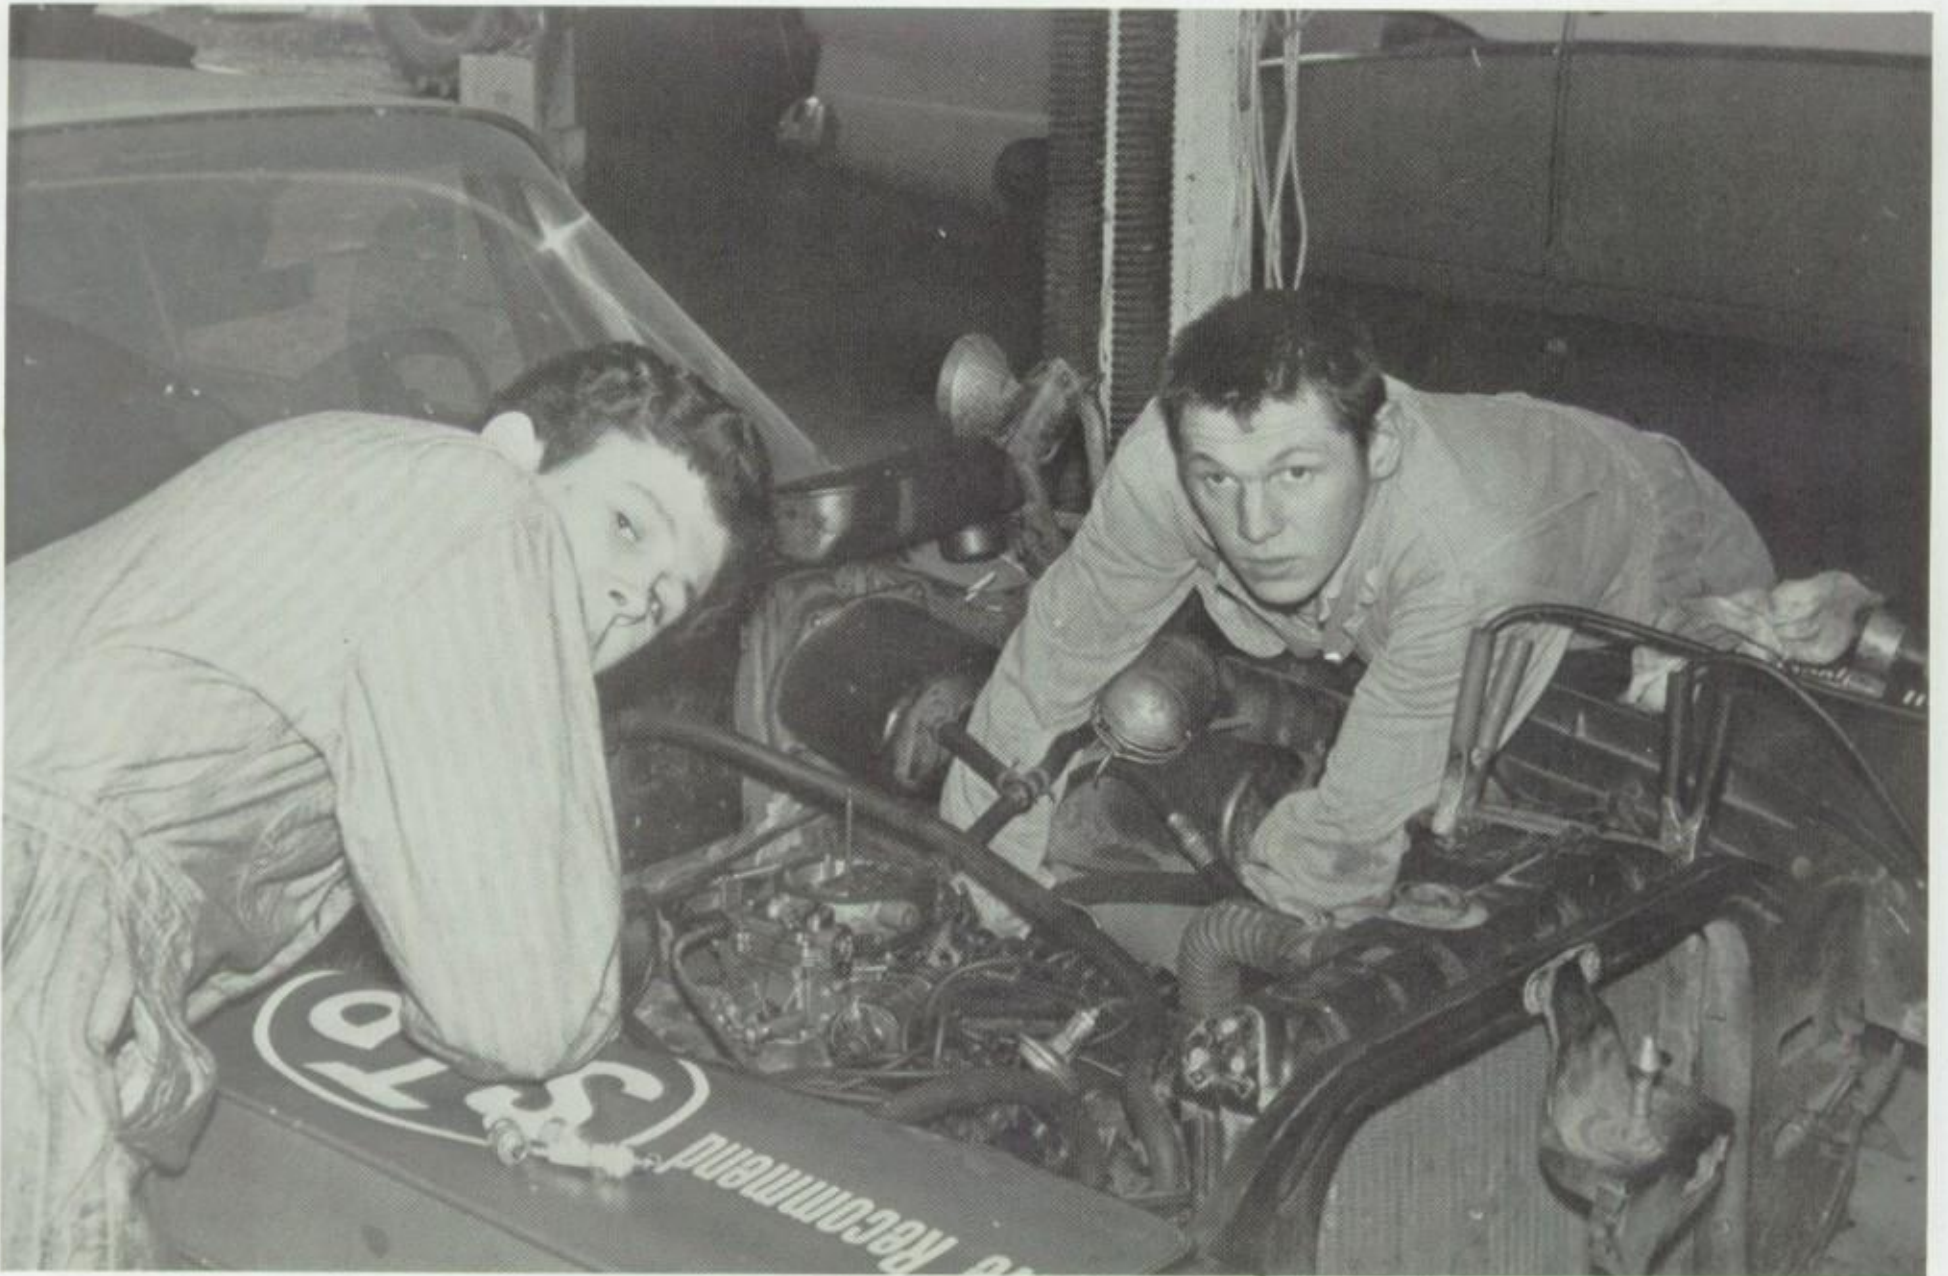

A college lights a candle of understanding . . .

. . . a candle which first flickers  
and later grows to a steady flame.

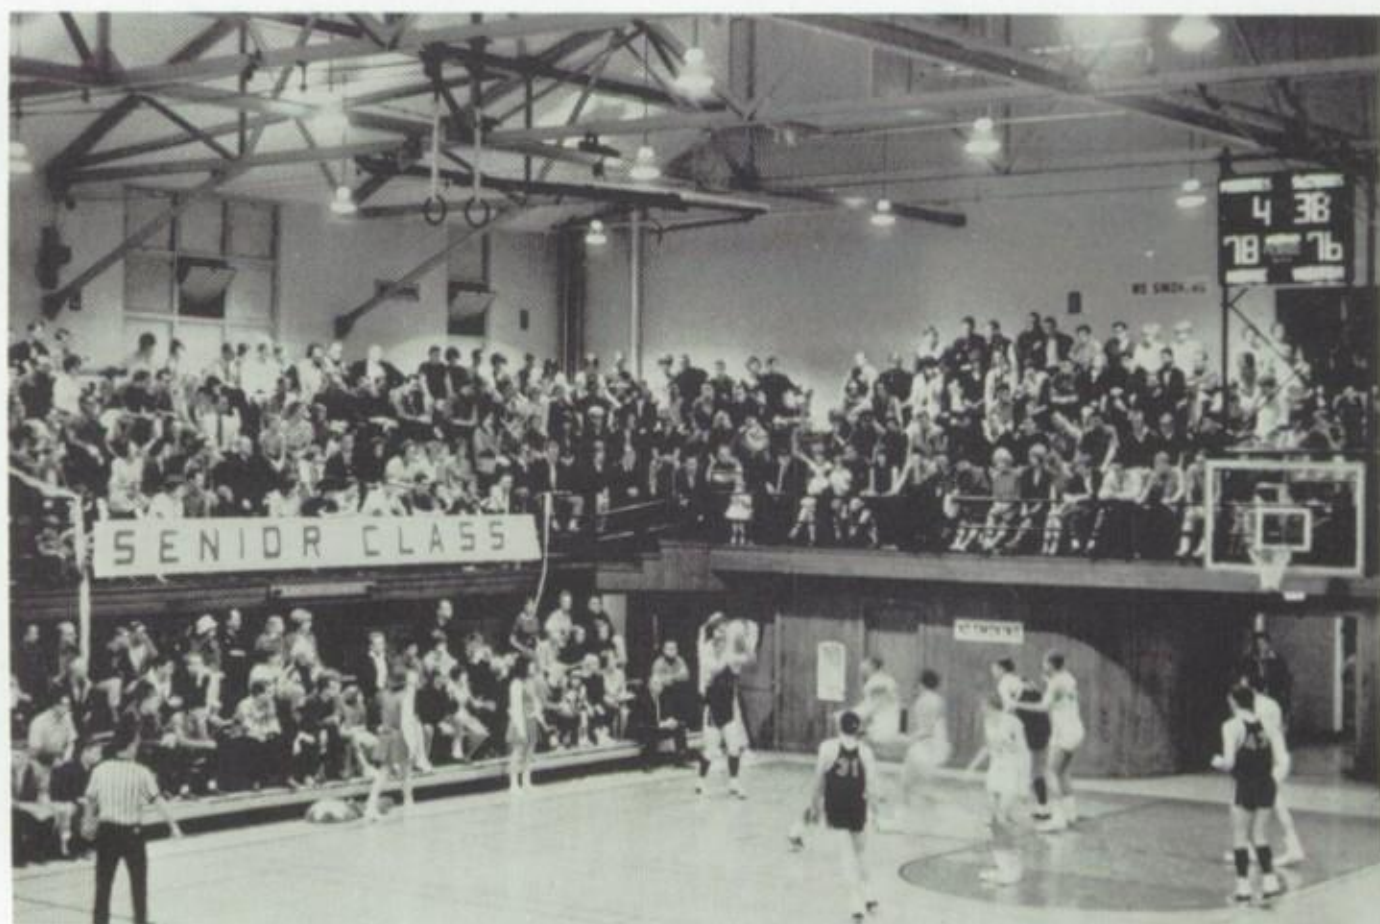

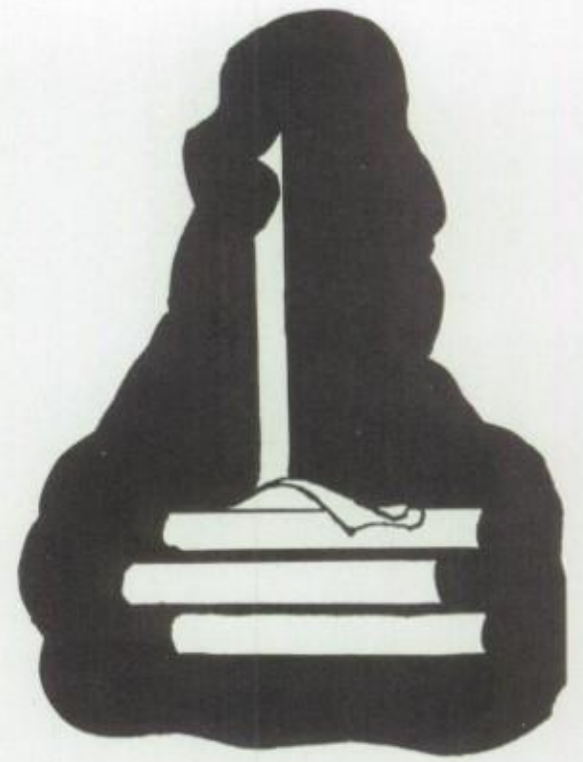

The light of learning  
extends beyond the classroom . . .

. . . into the arts and sciences  
plus the activities . . .

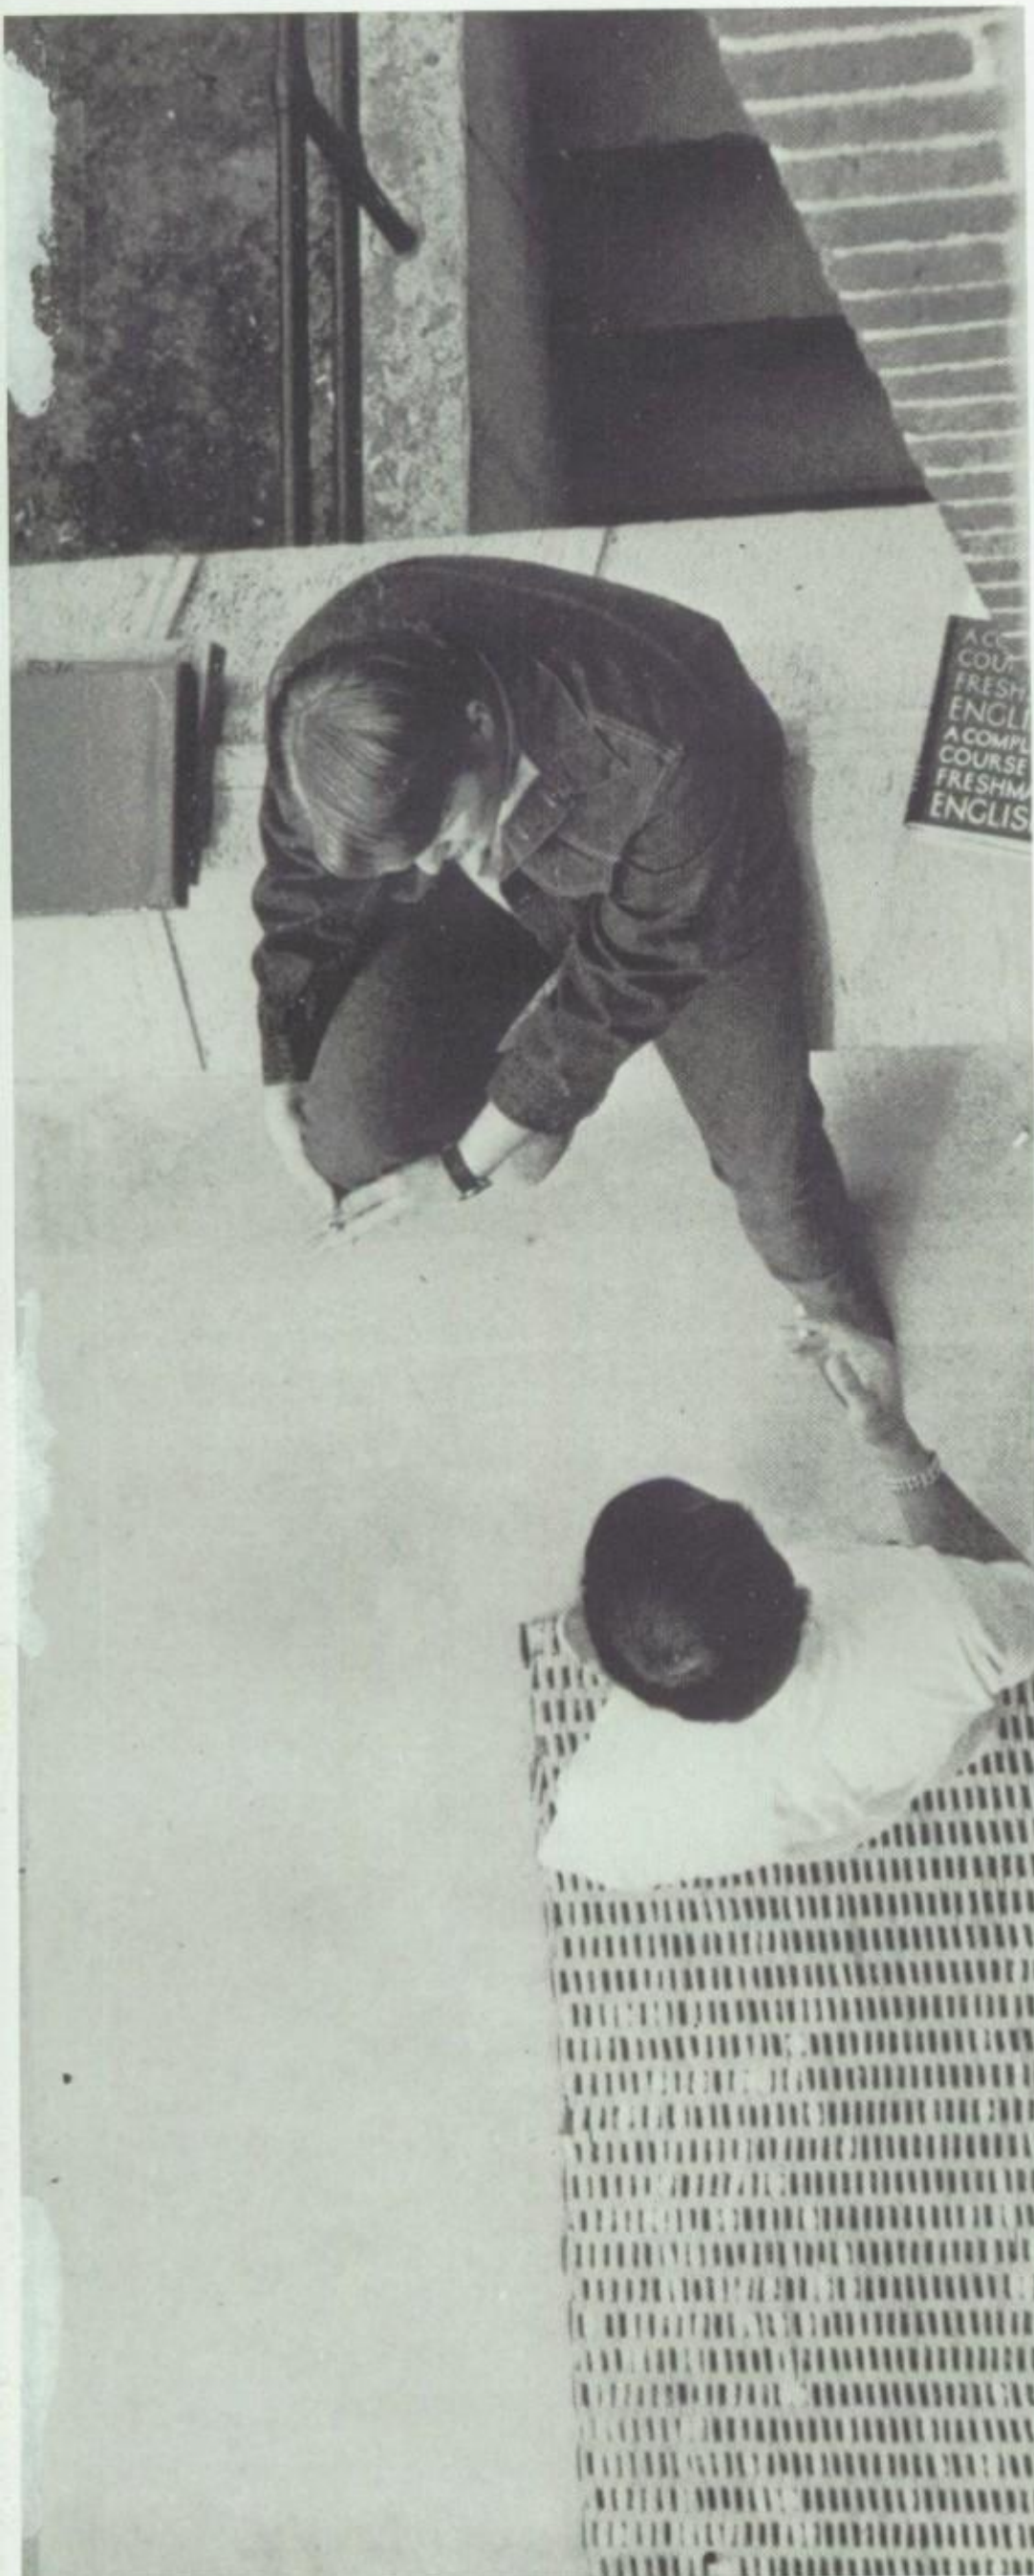

. . . and provides the bright lights  
we see along the way.

Coach Bill Ordway led the 1967 Warrior baseball team to its second winning season in a row as the team posted a 14-8 record against small college competition.

The Warriors were in the annual Banana Belt Baseball Tourney for the first time this year, but recorded only 5 losses for their efforts. The Warriors lost to Seattle U., Washington State, Eastern Washington, College of Idaho, and Eastern Washington.

The Warriors will lose only two seniors from the '67 squad: Captain Doug Gibbons and four year pitching veteran Jerry Chavez.

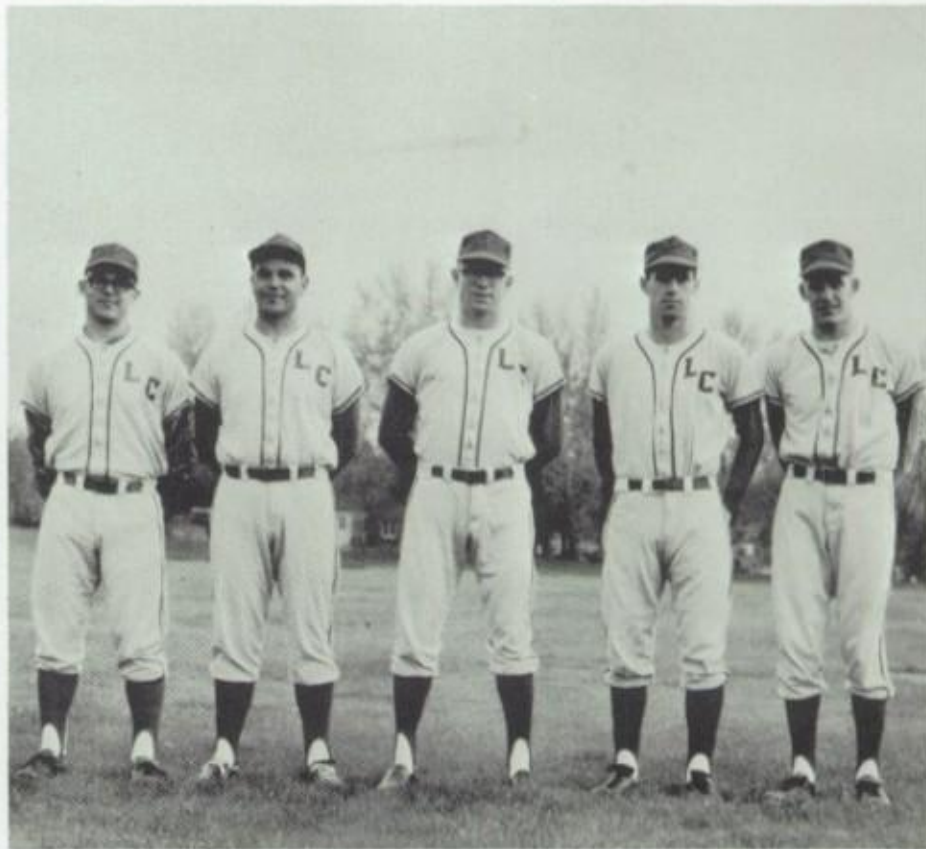

Elected Captain for the '68 season is Jim Naslund, leading hitter for the '67 Warriors with a .372 batting average.

The 1967 Warrior track team was lacking in depth again this year, but this was overcome by the determined effort of several members.

The Warrior team was made up of two juniors, one sophomore and seven freshmen.

Junior sprinter Wade Hillman was the most outstanding individual as he scored 87 individual points for the Warrior team during the season.

Junior Dennis Kimsey was another bright spot for the Warriors as he always placed in the field events, totaling 49 points for the season.

At the District 1 track meet held at Bellingham, Washington, the Warriors placed in only three events. Wade Hillman placed second in the 440, Dennis Riddle placed fourth in the high hurdles, and the 440-yard relay team placed second.

Coach Helge Carlson summed up his team's season effort with the statement: "This is our first year in District 1 (we have been in District 5) and this one is a lot more difficult. All the men are eligible for next year and I feel that we will do much better next year."

We'd like to depart just once from the usual message we print in our advertising space. Instead of talk about the utility service we supply, may we speak briefly of our sincere interest in the students and the young people of this area.

Time passes rapidly and you will move from the learning to the doing stage. The community and the nation will depend on you for much—you are the future.

Congratulations, and best wishes from the men and women of
